

The table below shows the impact of the 2013 property tax cut proposed by Governor Walker. The aid information (first four data columns) is from Legislative Fiscal Bureau calculations. It shows: how much state aid each district receives under the recently passed budget; how much it would receive under the governor's tax cut plan; and the difference between the two, in dollars and percentage. The next two columns show the total value of taxable property in the district and the impact of the governor's proposal on the school tax rate. For most districts, the cut means a 10-11 cent reduction in the school tax rate. The last three columns show the dollar impact for homes valued at three levels: \$100,000, \$148,000 (the state's median value), and \$200,000. To calculate the impact for your home, divide your home's fair market value (not assessed value) by \$1,000 and multiply by the "property tax rate impact" for your school district. If you live in a K-8 district, make the calculations for both the appropriate K-8 and UHS district and sum the two.

District		General Aid	Estimated Aid		Percent	Total Property	Property	Change	Change	Change	
Nmbr	Type	Under State	Under Property	Difference	Difference	Value	Tax Rate	for	for	for
